MEMO TO:

Dr. William W. Bates  
Dr. Ivor W. Hughes  
Dr. Preston H. Leake  
Dr. Murray Senkus  
Dr. Alexander W. Spears  
Dr. Helmut Wakeham

FROM:

William L. Steele

Enclosed are the regressions of TITL Market Sample-13 results on those of FTC's. Agreement is generally good between labs. A small proportional bias still exists in water which is also reflected in "tar".

Puff count and TPM results are amazingly close. Neither slopes nor intercepts are significantly different from the "perfect agreement" values of one and zero.

WLS/ps
